CLP report for STPC meeting 5.3.18

The Steering Group have met once since the last Parish Council meeting, as our meeting at the end of February was postponed due to the weather. We have two meetings scheduled this month.

We are continuing to work on the task of analysing the survey results including additional comments to identify a provisional list of possible 'actions'. This is proving to be a lengthy procedure, and we are not yet at the stage where we can begin an initial round of consultations.
